

# Google Code-in 2018

Task from openMRS

**NAME OF TASK SUBMITTER:**

Prathamesh Mutkure

**TASK:**

Define Requirements for the Home Page

# 1. HEADER

- The header will be used to place the **Top Status Bar**.
- It should contain both, the **OpenMRS Logo** as well as **GCI Logo** on either sides (OpenMRS logo on the left and GCI logo on the right would be good).
- The central place will be used to place the **Status Bar Options** like, Home, About, Tasks, Mentors, Contact, Archives, etc.

# 2. OpenMRS MISSION

The **OpenMRS Mission Tagline**, “***Write Code, Save Lives***” should be placed anywhere in the page, wherever it looks good.

## 3. BODY AND CONTENT

The Body of the page will contain the main content of it and can be used to add following things:

- **What is Open Source?**
- **What is Google Code-in?**
- **What is OpenMRS?**
- And more importantly, **Why OpenMRS?**
- Or other appropriate things.

## 4. STATISTICS

It would be nice addition if we could display live statistics of the contest, which may include:

- Total number of **tasks completed** so far.
- **Top 20 contestants** from OpenMRS.
- And the **Live Timeline** of the contest.
- Or any other appropriate addition.

## 5. EXTERNAL LINKS

We can also provide other **External Contest Related Links** which may include links to:

- **Google Code-in website.**
- **OpenMRS website and Wiki page.**
- Other **helpful resources**, which may include links to the - Mentor, Tasks, About, Contact or maybe even to the Expectations page of our website.

## 6. FOOTER

- The footer will be used to place the **Bottom Bar** of the site.
- It should at least contain the **OpenMRS Logo.**
- This Bottom bar would be used to provide the **Social Links of OpenMRS Pages** like its **Google Plus** and **Twitter** pages.

## 7. MORE ADDITIONS

To make our page more attractive and useful we can include:

- **Attractive images** (banner size images maybe preferred).
- **Star Performer** of the week.
- **Best Mentors** for the week.
- Maybe a **creativity title** to someone for showing extraordinary creativity!
- Or other appropriate things.

## THEME

**Material Theme** – With bright and vibrant material colors, rounded elements, and an overall attractive theme.
